## **WHO WE ARE**

- We are not afraid to show you a new approach. Strip the technology stack to the foundation and build a new fresh model rather the layering band-aids. We'll use our out of the box thinking, experiences, and partnerships to provide you a solution at a fraction of the cost.
- We have decades of experience in nonprofit and for-profit arts and events business sales, customer service and engagement. We can help you create operational plans and strategies that your team can follow step-by-step to successful customer development and retention.
- We can provide a seamless, low stress, project management solution. From MSPs, customer service partners, facilities and operations we have the team to work on your behalf to guarantee we leverage all the tools and status to get the best rates for our clients.
